

The Saucer

contains the same proportionally flattened star as the Personal Companion H2QL. The Saucer is made of beautiful marble (white, black, grey or green). It is used in the kitchen and the household as a saucer for water jugs and bottles.

The water treated by the Saucer H2QU can be used for drinking, cooking, bathing and watering plants.

(Ø 100 × 10 mm, 220 g)

H2QU

«My indoor plants thrive and prosper splendidly, and fresh flowers last longer.»

Marjolijn, Registered Nurse,
Amsterdam
